

CHURCH PARTNERSHIP PROGRAM

Church Partnership Guide

Partnering with churches for healthier pastors, leaders, and congregations.

Our Mission

Our mission at CentrePointe Counseling is to provide Christ-centered professional counseling and consultation services that work toward transformation at the center of individuals, families, and organizations, creating a ripple effect of change in thinking, believing, and acting.

We believe that helping to foster healthy individuals leads to healthy families, churches, schools, organizations, businesses, and ultimately healthy communities. Our Church Partnership Program provides support and resources to churches that wish to see this same ripple of change in their own congregations.

By deciding to partner with CentrePointe Counseling, congregations participate in a covenant relationship that benefits their clergy and members, while bringing hope and healing to their community.

The Partnership Covenant

In the partnership covenant, the church partner congregation agrees to:

- Use CentrePointe Counseling as a referral source for counseling, education, consultation, and training.
- Promote the purpose and mission of CentrePointe to the congregation by providing information in church newsletters, worship bulletins, visitor packets, and information tables.
- Support the ministry of CentrePointe by contributing financially. CentrePointe is a nonprofit 501(c)(3) corporation committed to serving those in need, regardless of their ability to pay. The congregation's participation as a partner church helps support this mission by providing services to those in need.
- Remember the staff, board, and clients in prayer. List the ministry of CentrePointe in church prayer lists and ask the congregation to pray for our staff and client needs.

Program Benefits

Lectures & Seminars

- May be directed at church ministry leaders, church staff, groups, or the whole congregation.
- CentrePointe presents the seminar at your church or a location of your choice.
- Topics of counselor expertise: marriage & couples counseling, addictions, general anxiety, communication and conflict resolution, and more.
- Counselors are discreet and can speak to sensitive topics specific to ministry leaders or particular groups.
- One 1-hour lecture or seminar for every \$500 in support.

Elevated Access

- Counseling services with elevated placement priority.
- Educational seminars & presentations to your congregation.
- Premarital counseling package for pastor-referred couples.
- Conflict mediation.
- Critical Incident Response Team services (assistance after a traumatic event).

Additional Resources

- Subscription to our online e-newsletter and annual report.
- Invitations to special events.
- Access to our resources (online videos or papers by request).

Seminar & Workshop Topics

A sampling of topics our counselors can present (full titles available on request):
